

KS2 Shared Reading Texts Overview

Children will study fiction, nonfiction and poetry throughout the year. Non-fiction and narrative texts enhance our curriculum and support children in revisiting topics studied previously in order to embed learning. Reading breadth ensures children are reading texts that have variation in complexity which will allow them to comprehend increasingly complex texts throughout their education. Texts are therefore chosen which have a variety of linguistic features, contain tier 2 and relevant tier 3 vocabulary, and texts which reflect our community, building on our experiences and providing a diverse reading curriculum accessible for all. During each half term, **three** texts will be studied in depth. Supporting texts can be used during story time and displayed in the class reading hub for all to share.
